

Facilities Supervisor

New Balance - Skowhegan, ME

New Balance has a history of 100 years of enduring performance and is still running strong today. Part of what makes New Balance so unique is our commitment to making products that not only provide performance, but also superior fit and comfort. The same attention that is placed on our athletic shoes and apparel is also placed on our associates. We seek talented individuals that fit into our team-oriented atmosphere. Additionally, we are proud to have an environment that offers the comfort of a true work/life balance. If you are looking for a NEW BALANCE, read on!

As the **Facilities Supervisor**, you will plan, schedule, organize, and supervise the infrastructure of assigned facilities. You will be responsible for prioritizing and scheduling preventative maintenance, ensuring that work is completed on time and within budget. You will arrange for repairs and installations with vendors and develop contracts to see that all work complies with standards and codes. In this role, you will continuously develop and uphold effective operations through thoughtful selection, training, and management of your team. You will formulate, recommend, and implement short and long-range plans, including the design of facility layouts and integration of new technologies. You will be required to keep current with local, state, and federal inspection, permit, and environmental requirements. In addition, you will guide your team around safety directives and plans.

We require 3 to 5 years of relevant experience, including project planning, developing facility layouts and safety training as well as two years of previous supervisory experience. Additionally, this position will require these specific requirements:

- Broad knowledge of a technical field such as electrical or mechanical technology, or equivalent education.
- Ability to manage a budget
- Computer skills and familiarity with CAD desired
- Training and knowledge of OSHA and NEC compliance
- Experience with energy management systems

Some travel required and you must be available on call 24/7 for emergencies. To learn more about New Balance and to apply for this position, please visit our website: www.newbalance.com.
